Sealed Indictment Issued Against Dr. Fauci

The United States Justice Department, on behalf of President Donald J. Trump, has finalized a sealed indictment naming Dr. Anthony Fauci, director of the National Institute of Allergy and Infectious Diseases and member of the coronavirus taskforce, a traitor to America, according to a Washington sources familiar with the issue.

The indictment, which currently sits on the Resolute Desk in the Oval Office, charges Fauci with numerous high crimes and misdemeanors, many of which could see Fauci stripped of his medical license and deported to GITMO for the rest of his natural life. Those charges reportedly include treason, conspiring with the enemy, and fraud. Article 2 of Section 4 of the United States Constitution states: “The president, vice president and all civil officers of the United States, shall be removed from office on impeachment for, and conviction of, treason, bribery, or other high Crimes and Misdemeanors.”

While Fauci is neither a politician nor a government official, he is a career civil servant and therefore can be charged with criminal malfeasance as is outlined in Article 2, Section 4.

Sources close to the Fauci probe said Trump became suspicious of Fauci’s intentions after reading Tweets linking the doctor to a “Deep State” coup designed to cripple his reelection campaign. These Tweets alleged Fauci and none other than Barack Hussein Obama had orchestrated a “hoax” to tank the economy, spelling doom for a president whose main presidential achievement was fostering an economic resurgence. The Tweets surmise the Coronavirus is a pretext for stripping Americans of the rights and freedoms they hold dear, and that Fauci wants to usher in a New World Order that would abolish the Constitution and replace U.S. leaders with United Nations personnel.
