

# BOOM! Guess Who is Calling the Shots on Human Experimentation?

May 27, 2020

I have to set the stage, so BOOM comes at about 10 minutes in.

This is HUGE! Medical Ethics should be front and center right now what with Big Pharma and NGOs like the Gates Foundation trying to rush an experimental RNA vaccine to market. In this video I uncover a MASSIVE conflict of interest in the US. Who is Christine Grady?

BONUS BOOM near the end.
