

Dr Shiva shoots himself in the “potty-mouth”

Dr. Shiva has put out a video to destroy Robert Kennedy Jr., and others. However, in my opinion the person he has actually destroyed is himself! Our apologies for the abusive language in this video, but it must be seen to be believed! Some may agree with his information, but why did he not share his thoughts in a decent manner? Instead, I believe he has shown us his true colors. And oh my - what an ego!
