

War on South Africa | Behind the Deep State

In this episode of Behind the Deep State, host Alex Newman exposes the truth about #SouthAfrica. He dives deep into history and comes all the way up to the present day, where #genocidal #racist #communists are working to exterminate the #AfrikanerBoer people group. South Africa, where the Deep State forced diverse nations to live under one unitary regime, is a microcosm of what is coming to the entire world if humanity does not wake up.
